Winna,

Sorry for the slow response on this. After meeting with the mayor in September, it was my understanding that EPA and the city of East Chicago would not be communicating with each other on these demolitions.

Michael

Hi Michael,

I hope everything is going well. I would like to schedule a phone conference with you and The Harbor Group/Dragon Vjestic, Marino Solorio, James Portalatin (Manger - Bldg Dept.) and of course, myself included - regarding proceeding with demolitions within the Superfund Zoned Areas.

Could you provide me with a date/time when you would be available? If possible next week sometime?
